

Simulation with Arena (6th International edition)

By W. David Kelton, Randall P. Sadowski, Nancy B. Zupick

McGraw-Hill Education - Europe. Paperback. Book Condition: new. BRAND NEW, Simulation with Arena (6th International edition), W. David Kelton, Randall P. Sadowski, Nancy B. Zupick, Simulation with Arena provides a comprehensive treatment of simulation using industry-standard Arena software. The text starts by having the reader develop simple high-level models, and then progresses to advanced modeling and analysis. Statistical design and analysis of simulation experiments is integrated with the modeling chapters, reflecting the importance of mathematical modeling of these activities. An informal, tutorial writing style is used to aid the beginner in fully understanding the ideas and topics presented. The academic version of Arena and example files are available through the book's website. McGraw-Hill is proud to offer Connect with the sixth edition of Kelton's, Simulation with Arena. This innovative and powerful system helps your students learn more efficiently and gives you the ability to customize your homework problems simply and easily. Track individual student performance - by question, assignment, or in relation to the class overall with detailed grade reports.
