The concept of time is often difficult for children to understand because it is very abstract. As children develop daily routines and experience the world around them, the concept of time becomes more ingrained in their everyday lives. This book is designed to help your child develop an awareness of time. It provides activities that focus on telling time, time word problems, and time vocabulary. Upon your child's completion of each activity, use the provided incentive chart and stickers to track progress and celebrate your child's success. Whether students need extra practice with grade-level skills or a head start on next year, Stick Kids Workbooks offer engaging activities, games, and puzzles that help make learning lots of fun. Each 56-page book features full-color activities, a list of the skills, and an explanation of why those skills are important for development.
