Classroom teachers, home school parents, and music therapist, education providers Moms, Dads and Grandparents, can use my curriculum. My goal is to reach those that can use my curriculum for the bene t of young learners. Not every child will become a professional musician. But-they can learn to appreciate the forms and structure of music, notation, composition, rhythm, history and technology. My joy comes from the opportunity to create and share my music curriculum with everyone that utilizes these educational tools. Kids like to have fun when they learn. They love to play instruments. They love to move and dance around. I try to mix their music learning experience with the properties of creative visual and tactile learning. Helping Others Teach The Gift Of Music More Books and Teaching Tools are on my websites.
